

REMARKS

This Amendment is in response to the Office Action mailed June 23, 2004. Accordingly, accompanying the Amendment is a petition to extend the time of response by 2 months together with the required fee.

The Examiner is thanked for responding to the Applicant's request for clarifying the basis of the rejections of claims 12 - 15 and making the Action non-final.

Applicant acknowledges the allowance of claims 1 - 11.

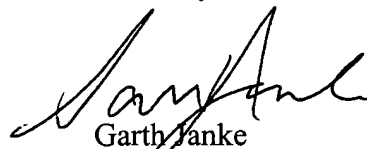

Claims 12 - 15 have been cancelled, without prejudice.

New claims 16 - 57 have been added.

The specification has been amended to improve its clarity and consistency, and to explicitly reference an output device for, in the example given, displaying identifications.

Figure 5 is amended to show the output device referenced in the specification as amended.

Sincerely,

A handwritten signature in black ink, appearing to read "Garth Janke", written over the printed name.
